SUMMARY

3rd-year Software Engineering undergraduate at SLIIT (GPA 3.45), experienced in full-stack development, microservices architecture, and Android development with Kotlin. Built production-grade systems including a containerized healthcare platform deployed with Docker and Kubernetes. A fast learner who thrives in collaborative, agile environments and is passionate about crafting clean, scalable software solutions.

EDUCATION

Sri Lanka Institute of Information Technology, Malabe, Sri Lanka (2023 - Present)

- BSc (Hons) in Information Technology, specializing in Software Engineering
GPA: 3.45 (first four semesters); Expected Graduation: June 2027

H/Debarawewa Central College, Tissamaharama

- GCE Advanced Level Examinations (GCE A/L – 2022/2023)
3C s in Physical Science Stream (Combined Mathematics, Physics, Chemistry)

H/Debarawewa Janadhipathi K. Vidyalyaya, Tissamaharama

- GCE Ordinary Level Examinations (GCE O/L - 2018)

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, Python, Kotlin, PHP, C, C++

Frameworks & Libraries: React, Node.js, Express.js, Tailwind CSS

Databases: MongoDB, MySQL

DevOps : Docker, Kubernetes, Docker Compose, Render

Mobile Development: Android Studio, Kotlin, XML

Version Control: Git, GitHub

Tools & IDEs: VS Code, IntelliJ, Eclipse, Postman, Figma, Android Studio, SQL Workbench

Architecture & Concepts: Microservices, REST API, OOP, Agile, JWT Auth, Data Structures & Algorithms

Soft Skills:

Communication, Teamwork, Problem Solving, Leadership, Adaptability, Time Management, Attention to Detail

PROJECTS

Nexus Health – Telemedicine & Patient Care System | Mar – Apr 2026 [\[GitHub\]](#)

Full-Stack Web Application | MERN, Microservices, Docker, Kubernetes

- Designed and built a full-stack healthcare platform using Microservices Architecture (API Gateway + Patient, Doctor, Appointment, Payment, Video, AI Symptom, and Notification services).
- Implemented secure JWT-based authentication and role-based access control with admin operations for user management and doctor verification.
- Integrated Stripe payment processing, video consultations, and an AI-powered symptom-based specialty recommendation engine.
- Containerized all services with Docker Compose and authored Kubernetes manifests for scalable cloud deployment.

Tech Stack: React, Node.js, Express, MongoDB, Tailwind CSS, Docker, Kubernetes, JWT

Smart Water – SDG 17 Smart Water Tracking System | Mar – Apr 2026 [\[GitHub\]](#)

Full-Stack Web Application | MERN

- Built a full-stack household water management system supporting end-to-end monitoring and conservation workflows.
- Developed sustainability modules for water-usage tracking, personalized water-saving plans, carbon-footprint analytics, leaderboard insights, and admin notifications.
- Achieved comprehensive test coverage using Jest, Supertest, and Artillery (unit, integration, and performance tests).

Tech Stack: React, Node.js, Express, MongoDB, Tailwind CSS, JWT, Jest, Supertest, Artillery

Aqua Peak – Fish Farm Management System | Jul – Aug 2025 [\[GitHub\]](#)

Full-Stack Web Application | MERN

- Developed a fully functional MERN-stack application to digitally transform real fish farm operations.
- Built RESTful APIs for managing fish stock, feeding schedules, health monitoring, and farm analytics.

Tech Stack: React, Node.js, Express, MongoDB, CSS, JWT, Postman

Daylog – Daily Habit Tracker | Jul – Aug 2025

Android Mobile Application | Kotlin

- Built a native Android app in Kotlin featuring daily habit tracking, an emoji-based mood journal, and hydration reminders.
- Implemented local data persistence using SharedPreferences and designed an intuitive, user-friendly UI/UX.

Tech Stack: Kotlin, XML, Android Studio, SharedPreferences

CERTIFICATIONS

- AI/ML Engineer – Stage 1 | SLIIT
- AWS S3 Basics | Coursera / Amazon Web Services
- Practical GitHub Actions | LinkedIn Learning
- Docker Foundations Professional Certificate | LinkedIn Learning / docker
- Agile Project Management Professional Certificate | LinkedIn Learning / Atlassian
- Career Essentials in Generative AI | LinkedIn Learning / Microsoft
- AWS Certified Cloud Practitioner | LinkedIn Learning
- Certificate in English Language | Vocational Training Authority of Sri Lanka
